## WEYLER'S NEW MOVE

The Captain General Issues Another Radical Decree.

### IT AFFECTS ALL EASTERN CUBA.

Military Operations Be Begun in the Provinces of Puerto Principe and Santiago de Cuba.—The Steamer Dauntless Again Seized.—Mr. Calhoun Has Made No Report to Washington.

HAVANA, June 2.—A decree issued by Captain General Weyler, dated Sancti Spiritus, May 27, has just been published here. He announces the approaching commencement of military operations in the eastern part of the island of Cuba, and orders the enforcement of the provisions of his decree of January 30 in the provinces of Puerto Principe and Santiago de Cuba, the organization of cultivation zones, the closing of stores in unfortified towns, the concentration of the country people and the destruction of all resources which are undependable, as was done in the other provinces.

The captain general gives the people of those two provinces one month in which to comply with the terms of the decree, the time to begin on the date of the publication of the decree in the various districts of these provinces.

The flooding of a river has destroyed the big railroad bridge at Los Palacios, province of Pinar del Rio, delaying railroad communication in that part of the island.

Fire has destroyed a large part of the market at Cardenas, including the stores. The loss is estimated at \$80,000.

As a result of a visit to Guines by the Marquis Palmerola, governor of Havana, the mayor and 17 aldermen have been suspended from office on charges of maladministration in connection with gambling and other illegal enterprises.

### RUIZ CASE INVESTIGATION.

No Report Received at Washington and None Expected This Week.

WASHINGTON, June 2.—While no official communication, either by letter or report, has come to Washington as yet from Mr. Calhoun, the special counsel sent by the president of Cuba in connection with the Ruiz case, private advices received here indicate that he expects to leave Havana for Washington next Thursday or Friday. He will go directly to New York by steamer instead of coming back to Tampa by rail, as he went, and it is expected that he will reach this city about next Sunday.

It is said at the department that no official report upon Cuba is to be expected from Mr. Calhoun; that all he will have to submit officially will bear upon the Ruiz case, which was the subject of his official appointment, and that anything he will have to communicate respecting the general conditions in Cuba as affected by the war will be in the shape of a verbal report to the president.

As for the Ruiz case it is now clear that there will be two reports, but in the absence of an exact knowledge as to the points of disagreement, it is not possible for the officials at the state department to predict the next step to be taken in the matter, although it is certain that it will not be allowed to rest on the record so far taken.

### DAUNTLESS SEIZED.

The Little Filibustering Tug Is Again in Customs Officials' Hands.

KEY WEST, Fla., June 2.—The United States cruiser Marblehead, which left here under sealed orders Sunday morning, returned at noon yesterday with the tug Dauntless in tow, charged with filibustering. A lieutenant of the Marblehead had been placed aboard the Dauntless. Upon arriving the tug was turned over to the customs officers. About 25 Cubans were found on the Dauntless, including Charles Silva, Colonel Nunez and J. B. Cartaya. No communication with the boat is allowed.

Very little ammunition was found aboard the Dauntless and only two rifles, and report has it that the crew threw the remainder of the cargo overboard. The tug gave the cruiser a lively chase down the east coast of Florida before it was overhauled.

Spanish Consul Fernandez had his face slapped by J. M. Govin and a crowd of Cubans attempted to throw him overboard from the wharf, but they were not successful.

### Blames the United States.

MADRID, June 2.—General Bernal, who has just returned to this city from the island of Cuba, has had an interview with the minister of war, General Azcarraga, in the course of which the minister was informed that the prolonging of the rebellion in Cuba was only due to the assistance which the insurgents received from the United States.

### WILL AFFECT 10,000 MEN.

Furnace Men Throughout the Shenandoah and Mahoning Valleys to Strike.

PITTSBURG, June 2.—The Commercial-Gazette says: The furnace men throughout the Shenandoah and Mahoning valleys contemplate a general strike about July 1 for increased wages. The men have no organization as yet, but are insisting on having organizers from the Knights of Labor sent among them.

The plan of the strike, which will include 10,000, is to wait until the weather gets a summer heat when it will be impossible for new men to do this class of work.

### RACE WAR IN ARKANSAS.

Two or Three Men Already Killed or Fatally Wounded.

ATKINS, Ark., June 2.—A terrible race war is in progress in Lee township, Pope county, five miles south of Atkins, in which two or three men have already been killed or fatally wounded and the community is in a state of great excitement with a more serious outbreak liable to occur at any moment.

The killed or fatally injured so far as can at present be ascertained are:

Will Gaylord, colored, whipped to death by a mob of whites.

Jesse Nickels, terribly cut with knives by negroes; will probably die.

White man, name unknown, fatally shot by a gang of negroes.

Reason Edge, white, shot by deputy constable, extent of injuries not known.

Constable C. E. Edge, badly cut.

The trouble began Sunday night, when a gang of three or four negroes attacked two white men, Jesse Nickels and J. R. Hodges, with knives and pistols. A terrible fight took place, in which young Nickels was cut by the negroes. Nickels attempted to cut one of the negroes and the white men defended themselves with fence rails. The negroes then began firing, and as one of the white men had been shot, the negroes fled.

Warrants were issued for the negroes on Monday, but they declared that they would not be arrested. Reason Edge, white, joined in with the negroes to help them resist arrest, and when officers went to the scene, Reason Edge attacked Constable Edge with a knife and inflicted dangerous injuries. George Edge, a deputy constable, succeeded in arresting Reason Edge after he shot him in the arm.

Last night one of the negroes, William Gaylord, who had participated in the riots, was taken from his home by a mob supposed to be composed of white men, and, after being stripped, was tied to a post and beaten into insensibility. He was still alive but unconscious when found, and has since died.

The whole country is stirred up over the affair, and further outbreaks are looked for at any moment. A posse of citizens from this place, including Deputy Prosecuting Attorney Tom D. Brooks, have gone to the scene of the trouble, and further developments are being anxiously awaited.

### SITUATION CRITICAL.

An Outbreak With the Cheyenne Indians Is Hourly Feared.

HELENA, Mon., June 2.—Specials from Miles City, the nearest town in Montana to the Cheyenne Indian troubles, say the situation at the agency continues critical. Families who reside near the seat of trouble continue to flock to Miles City.

It is reported that Sioux Indians from Dakota have come to the agency, and that runners have been sent to invite more Sioux to join them on the war trail.

Senator Carter will ask President McKinley that Indian Agent Stouch be instructed not to interfere with the sheriff's posse, and that the military authorities support them in case the Cheyennes resist the arrest of the Indian, "Little Whirlwind," known also as Stanley, a graduate of Carlisle, who admits the murder of Sheepherder Hoover.

White Bull's band of warriors, numbering 125, who escaped from the agency Friday night, are in the hills on the Tongue river near Ashland, and this will be the scene of the first bloodshed, should there be any. The settlers are not as well armed as the Indians, though arms and ammunition are being forwarded as rapidly as possible.

### HIGHWAYMEN IN CARRIAGES.

They Drive to the Curb, Call Their Man, Shoot Him, Rob Him and Drive Away.

CHICAGO, June 2.—Three highwaymen drove up in a buggy to the home of John Muriano, a fruit peddler, at a late hour at night, called him out to the curb and then, while one of them beat him over the head with a whip and another struck him full in the face with a piece of iron, breaking his nose, the third snatched his watch and shot him through the left breast, inflicting a fatal wound. All three then escaped, with their horse on a run.

The shot aroused the neighborhood and crowds of furious men and women pursued the highwaymen. Policemen from the Canalport avenue station took part in the chase and many shots were fired after the fleeing thugs, but so far as known none took effect. The robbers returned the fire, but hit no one. They made good their escape.

### Opera House Blaze.

RICHMOND, Ind., June 2.—About 2 o'clock yesterday morning a fire was discovered in the Phillips Opera House. The fire had originated from a cigar stump in a sawdust box and was extinguished in a short time, but the damage to the theater will amount to several thousand dollars. The china store of H. A. Wilke, which is under the opera house, was damaged by water to about a thousand dollars; all fully insured.

### Pests to Farmers.

VINCENNES, Ind., June 2.—Farmers of Knox and adjoining counties are complaining bitterly of the destruction caused by army worms and the cut worms. The meadows are being badly eaten by the former, while cut worms are playing havoc with the growing corn. If the pests are not abated the damage will be incalculable.

CHICAGO, June 2.—A massive granite monument in Oakwood cemetery was yesterday dedicated to the 15 firemen who lost their lives in the cold storage warehouse fire during the world's fair.

## EASTERN QUESTION.

It Seems to Be Drifting Just at Present.

### TURKEY CAUSES THE DELAYS

The Sultan Evidently Trying to Discover Some Weakness in the European Concert—He Will Claim That Thessaly Belongs to Turkey by Conquest—Greece Urging the Powers to Action.

LONDON, June 2.—Eastern affairs appear to have reached the drifting stage. The exact position as to the armistice negotiations is not yet clear. Evidently it is the object of Turkey to create delays and to discover any latent weakness in the European concert.

During the councils of ministers at the Yildiz Kiosk the peace conditions have certainly been discussed, but all mention of Thessaly is studiously avoided. The assumption seems to be that Thessaly belongs to Turkey by conquest, and that there is nothing more to be said on the subject. The powers will have to show a united and very energetic front before the sultan will recede from this position.

In the meantime, in order to remove the impression that she rejects all the peace proposals, Greece has sent another note to representatives abroad, repeating that she is prepared to acquiesce in the decisions of the powers, but that the payment of a large indemnity is impossible.

Queen Olga and the Princess Sophia left Athens by the royal yacht en route for the camp of the crown prince to participate in the celebration of the anniversary of his nameday. It is reported in some quarters that the crown prince will sail shortly for London.

Edhem Pasha, having sent the aid de camp whom the sultan appointed to watch him, back to Constantinople under escort as a spy, the officer was forthwith promoted by the sultan.

A dispatch to the Times from Constantinople says there is strong reason for believing that Bulgaria is exerting influence to induce the sultan to transform Macedonia into an autonomous province under an imperial prince.

### General Miles in Athens.

ATHENS, June 2.—Major General Nelson A. Miles, U. S. A., has returned here from Thermopylae, the headquarters of the Greek army, where the general met Crown Prince Constantine, and was enabled to inspect the defenses of the Greeks.

### BIG DEAL IN OIL PROPERTY.

The Standard Now in Possession of the Indiana Field.

MONTPELIER, Ind., June 2.—The Standard Oil company has purchased the properties of the Rowland-Ziegler Oil company, and it is one of the largest transactions ever closed in the Indiana oil field. The reported price is nearly \$250,000.

The property includes thousands of acres of leases, more than 100 producing oil wells and a vast amount of machinery and equipment. The deal has been pending for some time, but it was not until yesterday that Harry Rowland would admit that the transfer had been practically closed. The Standard will take possession this week.

The Rowland-Ziegler company is one of the oldest and boldest operators in Indiana. It began on a small scale, has paid no attention to depressed markets, and it has been most fortunate in opening large pools of oil. Three summers ago the company took 90,000 barrels of oil out of one pool in Wells county, which it sold for \$3,000. The wells are still producing oil.

The present deal is one of the largest made in this field since the Cudahys paid \$275,000 for the Northern Indiana company's property. The Standard is said to be after a number of other large properties in Indiana, and this account for the poor market price which has prevailed for several months.

### Mark Twain Living in Luxury.

NEW YORK, June 2.—Mark Twain was recently reported to be dying in poverty in London. A dispatch to The Journal from London says: "Samuel L. Clemens (Mark Twain) is now in Chelsea at work on another of his humorous works. He is in good health. His surroundings are pleasant and he is living in comfort—in fact in luxury."

### United States Treasurer Selected.

WASHINGTON, June 2.—It is understood that the president has fully decided upon Ellis H. Roberts, of New York, for United States treasurer, and that his nomination will be sent to the senate in a day or two. Mr. Roberts at one time was assistant treasurer of the United States at New York.

### Plate Glass Works Start Up.

ALEXANDRIA, Ind., June 2.—The American plate works, the largest outside of the trust, has resumed operations. In all 500 skilled men are being put to work. The starting of this factory will cause a fluctuation of plate glass prices, which the trust increased when the fire occurred.

WASHINGTON, June 2.—In the case of John E. Searles, the sugar trust witness, Judge Bradley ordered the jury to bring in a verdict of acquittal, holding that the questions asked the witness in the senate committee were not pertinent, and if so were not within the jurisdiction of the committee. The jury accordingly rendered a verdict of not guilty, and Mr. Searles was free.

### CURRENCY COMMISSION.

One Will Be Appointed This Summer to Report in December.

WASHINGTON, June 2.—The present session of congress is not to be adjourned immediately after the passage of the tariff bill. One other thing will remain to be done before adjournment. The program of the Republican managers, in accordance with the wishes of the administration, contemplates the passage of an act, immediately after the tariff is disposed of, authorizing the president to appoint a currency commission to make an investigation and report recommendations for the improvement of our currency system.

The statement of Secretary Gage that the business men at the Cincinnati meeting, which he attended, were agreed that a currency commission should be authorized and appointed at once was not an idle suggestion nor one that embodied the views of the administration alone. It has been known all along that the president wanted authority to appoint such a commission, but the policy of the house to do nothing pending action on the tariff has been regarded by some as antagonistic to the desire of the president.

A talk with leading Republicans of the house concerning Mr. Gage's declaration, discloses the fact that it is intended that this currency commission shall be authorized before the adjournment of the present session of congress, so that the commission may be appointed and do this work during the recess between this and the regular December session.

### CASE OF CARELESSNESS.

Tally-Ho Victims Were Responsible For Their Fate.

NEW YORK, June 2.—President Baldwin of the Long Island railroad has received reports from the crew of the train which on Monday ran down a tally-ho party at Valley Stream, killing five and fatally injuring others of the young pleasure seekers from Brooklyn.

Joseph Colligan, the engineer, and Conductor John Reeves say that the usual warning signal of blowing the locomotive's whistle and ringing the bell on the engine were given as the train approached the crossing. Engineer Colligan said he did not see the tally-ho until it was too late to avoid the collision. Engineer Colligan and Conductor Reeves have been in the employ of the Long Island railroad for many years and have good records.

An official of the railroad said the company has information that the occupants of the tally-ho were singing, shouting and making such a noise that it was hardly possible for them to hear the locomotive's whistle and the signal at the crossing until it was too late.

### GARMENT WORKERS WINNING.

Two Thousand Tailors Go to Work in New York at Advanced Wages.

NEW YORK, June 2.—Two thousand of the striking tailors employed in the service of 150 contractors went to work yesterday morning at advanced wages, based on 59 hours' work a week. All their demands were granted.

The Lithuanian tailors, numbering 2,000 more, also made a settlement at their own terms, and will return to work.

Forty-five shops of children's jacket-makers were thrown open.

Secretary Horn said that 700 of his men were back at increased wages and shortened hours, all their demands being granted.

Sixty manufacturing wholesalers and contractors were on hand, and hastened to affix their signatures to the roll of 225, who had already signed the agreement.

### PHOTOGRAPHING IN MIDAIR.

An Invention of Great Value at Sea and During War Times.

NEW YORK, June 2.—William A. Eddy has just taken the first double photograph in midair that has ever been secured. He did this with special apparatus after a year's study. By his invention it will be possible to take from midair a perfect photograph of the entire horizon line.

With his own apparatus Eddy claims that a photograph can be taken at sea, which will show a ship approaching when it is ten miles beyond the horizon line as seen from a ship's deck. The inventor is confident his apparatus can be used to great advantage during war. The photographs were taken with two cameras, but it is proposed to arrange eight, so that they will photograph the entire horizon at once.

### Double Tragedy in New Orleans.

NEW ORLEANS, June 2.—Samuel A. Jervis a switchman, 44 years old, stabbed to death Mrs. Bertha Johnson, aged 30 years, yesterday at the home of John McLean, 314 Newton street, Algiers. Jervis then inflicted wounds in his stomach and cut his entrails. He will die. Jervis was jealous of the woman and the killing was brought by the declaration of the woman that she intended to quit Jervis and live elsewhere.

### Leutnant Must Answer For Wife-Murder.

CHICAGO, June 2.—Adolph Luetfert, accused of murdering his wife and disintegrating her corpse by throwing it into a vat filled with a powerful solution, was held without bail to the grand jury by Justice Kersten yesterday on the charge of having murdered his wife. His attorneys made an able argument for his release, but the court held that a good prima-facie case had been made out.

CLARKSVILLE, Tenn., June 2.—Mrs. Elizabeth, widow of United States Senator James E. Bailey, died yesterday.

## STEAMER DISABLED.

Small Panic Among the Sixty Passengers on Board.

### ALL WERE SAFELY LANDED.

Several Hours Adrift Before Their Signals of Distress Were Answered—Big Fire at Caldwell—Mangled Remains Found by the Side of a Railroad Track—Other Ohio State News Dispatches.

ASHTABULA, O., June 2.—The big passenger steamer State of Ohio, of the Cleveland and Buffalo line, blew out a cylinder head by the breaking of her machinery yesterday morning at 5 o'clock, about 12 miles off this port, and her machinery was badly wrecked before the engines could be stopped. She drifted for about two hours before her signals were heard. The tug Red Cloud went out and towed her.

There were 60 passengers on board who were awakened when the accident occurred and it nearly caused a panic. The damage is estimated at \$10,000. The passengers continued to their destination by rail.

### One Whole Square Laid in Ruins.

CALDWELL, O., June 2.—At 1:30 o'clock yesterday afternoon flames were discovered issuing from L. C. Curtis' livery stable and in less than two hours one whole square was laid in ruins. The fire originated in the business part of the city and entails a loss of fully \$50,000, with insurance for only half that amount. The Grand hotel, P. F. Yoho dry goods store, Curtis' livery stable and three saloons were consumed. Incendiarism is suspected as the cause of the origin of this fire.

### Mangled Remains Found.

LOVELAND, O., June 2.—Ed Lewis was found dead on the Baltimore and Ohio tracks, near the depot, his body being horribly crushed and mangled. It is supposed that he was killed by train No. 36. Lewis was formerly a brakeman on the Baltimore and Ohio, but was discharged several months ago. Recently he has been employed in the Loveland gravel pit. He was unmarried and about 30 years of age.

### Trouble at a Mine.

MASSILLON, O., June 2.—John R. Jones, in violation of union rules, drove an entry in Pocock's No. 2 mine at night. His discharge was insisted upon, but the operator, J. F. Pocock, refused. The men are now idle, and will decide tomorrow whether to strike or not. Mr. Pocock says he will not submit to dictation, and if troubled, will dismiss his entire force and put in machines.

### Under the Wheels.

BATAVIA, O., June 2.—While a party of tramps were attempting to steal a ride on a freight train at this place yesterday morning, one of them missed his footing and fell under the wheels. His left foot was cut off at the ankle, and he was otherwise seriously bruised. He gives his name as William Jennings, from St. Louis, and was taken to the county infirmary.

### Beaten By Hobos.

CLEVELAND, June 2.—Owen Mullen, 44 Rural street, came up from Youngstown, O., on a freight train last night. He was set upon by a gang of hobos, beaten and robbed and thrown from the train in the outskirts of the city. He was found and taken to a hospital, where he is dying. He has a wife and four small children. He was a common laborer.

### Missing For Forty-One Years.

PLEASANTVILLE, O., June 2.—Jacob Keller, aged about 60 years, who disappeared 41 years ago, and who during all that time has not communicated with his family, returned last week. He has been in Idaho, has become prosperous and is the owner of rich mining interests. His family have believed him to be dead.

### Shot For Defending Women.

CEDARVILLE, O., June 2.—Dan Smith, a farmer, living near here, died yesterday from a pistol shot wound inflicted by James Young of Dayton. Young is a bike rider and escaped on his wheel. Smith was shot because he took Young to task about speaking ill of women.

### Robbers Make Good Their Escape.

WARREN, O., June 2.—There is no trace of the masked murderers of Isaac Hill of Farmington. The handcar which they left near this city has been found. It is believed that there were five men in the party and that they took an Erie freight train.

### A Woman Injured.

EAST LIVERPOOL, O., June 2.—Mrs. John R. Wyllie, while out driving, was thrown from her carriage and had a shoulder dislocated and a hip broken. She was but convalescent from a serious illness, and her condition is now considered critical.

### Railroad Man Dead.

WOOSTER, O., June 2.—William A. Rontson, Sr., aged 56 years, died yesterday from a stroke of apoplexy. For 35 years he held the position of master of transportation with the Pennsylvania company.

### Accomplished His Object.

PIQUA, O., June 2.—Lloyd Fess, the young man who attempted suicide on Sunday by shooting himself, died yesterday as the result of the wounds inflicted in the forehead and left side.

## FREE ROADS.

### Question of Issuing Bonds to Buy the Big Pikes to Be Voted on Next November.

#### Several Roads Accepted Tuesday—The Mt. Carmel Pike to Be Leased. Other Matters.

The Fiscal Court met Tuesday pursuant to adjournment, Judge Hutchins presiding and all Justices present.

A proposition of the Orangeburg and Tollesboro Turnpike Company was referred to the Turnpike Commissioners. The commissioners were afterwards authorized to accept this road whenever the stockholders turn their stock over to the county free of cost.

A proposition of the Elizaville Station and Mayslick Company was referred to the Commissioners, but was withdrawn later.

A petition from citizens of Sardis and vicinity praying the court to make the turnpikes in that section of the county free was presented and filed.

The Pleasant Ridge turnpike was accepted, the county assuming a debt of \$1,200 on said road, but the company is to trust to the next Fiscal Court for the payment of said sum.

The proposition as to the Day's Run pike was tabled.

The action of Judge Hutchins in issuing an order for \$25 to aid in paying expenses of young Clarence Hicks, who was bitten by a dog, to the Pasteur Institute at Chicago for treatment was approved.

Propositions were presented from the Maysville and Lexington, the Maysville and Mt. Sterling and the Maysville and Germantown turnpike companies to sell their roads to the county. The Maysville and Lexington asked \$40,000 for its sixteen and one-half miles of road in this county, including the quarries, the company to retain the toll houses and lots. The Mt. Sterling Company asked \$25,000 for the twelve miles of road, including quarries, and the Maysville and Bracken asked a like sum for its twelve and one-half miles, including the quarries, making a total of \$90,000 for the three roads. The propositions were all tabled. The committee appointed to confer with said companies then reported as follows:

First—We believe \$82,000 is a fair and reasonable price for the three roads above named.

Second—We recommend that the Fiscal Court purchase same at said sum, and pay for same by issuance of bonds of the county bearing interest at not a greater rate than 4 per cent. per annum.

Third—We recommend that the purchase of said roads at the price (as above) be submitted to a vote of the people at the next November election, with recommendation of this court that they vote same. J. J. PERRINE, Chairman.

The report was adopted, all the Justices voting aye except Messrs. Forman and Hook.

An order for said election was afterwards adopted. The election is to be duly advertised in the BULLETIN and Public Ledger and by printed handbills. The County Judge was authorized to draw an order on the treasury to pay the expenses of said election, and on motion he appointed 'Squires Williams, Howe, McIlvain, Hook, Forman and Perrine, Owens and Miller, to circulate petitions to hold said election.

The whole of the Anderson Ferry road was ordered placed under the free pike system.

Ordered that the Germantown and Lowell Turnpike Company be paid interest on amount to be paid for said road, from date of allowance until paid.

The committee reported against building the proposed bridge over Shannon at Corinth school house.

That portion of the Ewing and Metcalfe Mill turnpike lying in this county was accepted by the court.

The proposition of the Sardis and Blue Lick Turnpike Company was accepted, the company to trust to the next Fiscal Court to pay the \$300 asked for said road.

The Sardis turnpike was accepted, the county to pay \$1,800 for same, but the company is to trust to the next Fiscal Court to pay said sum.

The commissioners were authorized to borrow the money needed to complete

the Hill City pike, until the taxes are collected.

The commissioners were authorized to lease the Maysville, Orangeburg and Mt. Carmel pike for one year at \$2 per share for the private stock, and at end of the year said road to be purchased at price of \$7,530.

The County Attorney was instructed to investigate whether the toll-gate is properly on the Maple pike and if not to have same removed.

Claims were allowed as follows:  
Dr. H. W. Dimmitt, medical services to paupers.....\$10.00  
Q. A. Means, burial of paupers..... 17.00  
T. J. Tully, supplies for paupers..... 5.00  
J. D. Raymond, pauper account..... 15.62

The sum of \$25 each was allowed for the support of Mary Harper and Jacob Dice.

### MEMORIAL DAY.

It Was Suggested Two Years Before the War Closed.

[Washington Post.]

It is the 30th of May, 1863. A Northern soldier is dying in a Southern hospital. Round his bed are gathered a number of ladies ministering to his last hours. They have visited the hospital often of late, and but this morning have brought a basketful of flowers to place upon the graves of the Confederate dead. Having more than they need or can well dispose of, one of their number, more thoughtful perhaps or more noble hearted than the others, suggests the placing of them upon the graves of the Northern slain, which is done. The dying soldier has heard of it, and raising his eyes to the women, he says: "I ask that you ladies will petition the Government to appoint a national day for decorating the graves of our dead, and thus teach our children lessons of true patriotism; and I ask that this day shall be upon this, the 30th of May, in honor of the birth of my beloved sister, Anna Frances Barbara, of Bourbon, a noble and loyal woman of the North, who sent her oldest son to fight the battles of his country, and who has always been interested in all good works."

The soldier dies, but the ladies remember his last words, and they are placed before the Government. The soldier lies buried in a Southern battleground, with nothing but a simple slab of marble to mark the spot; but to-day a great nation honors his request, General Logan having adopted the date. Many have claimed the honor of suggesting "Memorial Day," but the idea was by no means a new one, for the practice of strewing the graves of the slain with flowers was known in the early ages, and was in use later among the Greeks and Germans. But to N. Percy William Pratt, the Northern soldier, belongs the honor of the date, the 30th of May, for the reasons above given. The incident mentioned gave rise to the beautiful poem, "The Blue and the Gray."

### Resignation.

At the request of friends, we publish the following beautiful poem, which was written for the Maysville BULLETIN in 1869 by Mrs. Mary L. Cady, daughter of the late Andrew Mitchell. It is truly a worthy effort showing it emanated from a soul full of poetic genius:

Best to be resigned; to trust in Heaven and know

That God shall work out what he thinketh right!

Let the dim future bring its weal or woe,—

Its blissful morn or desolating night,

'Twill solace be, to know our feet have striven,

To walk unblamed beneath the eye of Heaven.

Resigned? ah, truly yes, though tired and worn,

And crushed beneath dull care's depressing weight,

And wondering oft times how life's ills borne,

When the dread burden seems so very great;

But thoughts like these are vain, what must be must,

God is the King; whatever is, is just.

Best be resigned; not fretted or aggrieved,

With the scant portion of life's blessings given;

Our hearts should own the blessed gifts received

And turn in gratitude for them towards Heaven;

It is a gracious thing to be resigned,

To what of earth our thirsting souls may find.

Resigned? Even so best utter no complaint,

We needs must bear bereavement, pain and woe;

'Tis not a Christian's part to fall and faint

In the rough paths our feet must go,

'T were idle to regret; best be resigned!

I count it worse than vain, to sigh and weep

O'er lost treasures of departed years;

Of what avail is it, that we shall keep

Their memory fresh with unrelenting tears?

Then better far the holier peace to find

And 'neath the will of God, to be resigned.

Yes, therefore should we weep? The night of death

Will soon close darkly around our weary way;

How sweetly then to yield our breath

And live anew in God's eternal day!

Oh Saviors, shed thine influence o'er our mind,

Help us to look to thee, and be resigned.

### Horses Wanted.

### RIGHTS OF POLICY HOLDERS.

#### Important Point Brought Out in a Communication to the New York Herald.

[T. Darrington Temple in N. Y. Herald.]

For many years New York State insurance companies have been growing rich by improperly declaring life insurance policies forfeited, which practically amounts to a confiscation of the unwary citizen's money.

Upon careful investigation it is apparent that after a person pays the premiums for three years he becomes entitled to a paidup policy or to continue his insurance on the sum then due the insured.

One of the largest in capital, most solvent and reputable insurance companies here, upon a formal demand under the statute, made by me, recognized practically the contention by giving me a paid-up policy rather than meet the lawsuit. It denied the liability, but settled in full. The companies have relied on the demand being made within six months. This, however, upon investigation, is wrong, whether the company is a mutual one or otherwise. Even the associations incorporated under chapter 175 of the laws of 1883 have no right to forfeit their policies after the premiums are paid for three years, though demand is not made within six months after the lapse. The law of 1879, chapter 347, is general, and can not be repealed by a private act through a mere implication of construction. There is no clause in this act of 1883 which authorizes any forfeiture whatever.

As the citizens of the United States are being daily deprived of their money by submitting to a cunning but wrong construction of their rights, which arise under a general law of New York, I trust that you will treat this communication as valuable news to your subscribers.

### ELATED

#### Are Leading Bimetallists Over the News of France's Concurrence.

[Washington Post.]

The bimetallic heart of Senator Chandler beats with joy because of the news from France. The Minister of Finance, M. Meline, has announced that the French Government is ready to join the United States in a bimetallic agreement. "It is the opening wedge," said Mr. Chandler, "and must be so regarded."

"Will the action of France have any effect on England and Germany?" "Undoubtedly it will. If the Bimetallic Commissioners from this country have informed the European leaders, as I suppose they have done or will do, that unless something is done for bimetallicism the people will vote by an overwhelming majority for the free coinage of silver, which will mean, temporarily at least, silver monometallism, the result will be that Europe will enter into an international agreement with us to save themselves from more radical action."

Senator Carter, of Montana, is also quite confident that international bimetallicism has taken a great stride forward. Minister Meline's position, he says, will have great weight in Europe.

### Your Boy Won't Live a Month.

So Mr. Gilman Brown, of 34 Mill street, South Gardiner, Mass., was told by the doctors. His son had lung trouble, following typhoid malaria, and he spent \$375 with doctors, who finally gave him up, saying: "Your boy won't live a month." He tried Dr. King's New Discovery and a few bottles restored him to health and enabled him to go to work a perfectly well man. He says he owes his present good health to the use of Dr. King's New Discovery, and knows it to be the best in the world for lung trouble. Trial bottles free at J. James Wood's drug store.

### HAYSWOOD.

Annual Commencement of This Popular School Attracts a Large Audience.

A Class of Four Receive Diplomas—Roll of Honor in the Various Departments. Dr. Blackburn's Address.

Hayswood in its commencement exercises last night fully maintained the reputation it has so fairly won. The weather was everything that could be desired; the audience was large and select. The stage was a bower of beauty, animate and inanimate. Without exception, the essays of the young ladies who graduated reflected the greatest credit on their education, their heads and their hearts and the institution too, which they now leave. The music was excellent as it always is when it comes from those who are under the instruction and care of the teacher Miss Moore. It was diversified and improved by some outside help received from Mr. U. G. Bailly, one of the foremost violinists of the city.

It is a long time since a Maysville audience has listened to an as entertaining, sensible, thoughtful and instructive address on the subject of "Woman" as that of Dr. Blackburn at the close of the exercises. We would like to see it in some permanent form.

The following is the roll of honor made up by the department, the attendance, and the scholarship of the pupils during the past year. It is the high average of '95, in all these particulars, that entitles a pupil to a place on the list. While there many other satisfactory pupils in the school, this is the roll of honor:

Collegiate Department.—Nellie W. Ball, Imogene K. Ficklin, Judith Alene Glascock, Marybelle Hall, Dudley L. Lindsay, Lisa Lee Lindsay, Mary Lucile Mitchell, Aline L. Mitchell, Lillie Rae Pecor, Katherine Poyntz, Jessica T. Rains, Florence I. Rogers, Mary L. Wilson, Lida Duke Woods, Lucy Wardle Smith.

Primary Department.—Elizabeth Adamson, Birtie L. Ball, Karl Ball, Frances H. Barbour, Sallie Milton Hall, Edward W. Mitchell, Sallie E. Pecor, Lillie Pickett Smith.

Certificates were awarded to the following young ladies for completing the music courses named:

Fourth Year—Miss Minnie Roser, Miss Florence Barkley, Miss Florence Rogers. Third Year—Miss Jessie Rains.

Second Year—Miss Annie Laurie Redden, Miss May Martin, Miss Garnet Hauke, Miss Regina Bendel.

First Year—Miss Frances Barbour, Miss Mary L. Mitchell.

Following was the program: Piano Quartette—Second Symphony—Beethoven. Misses Rogers, Rains, Roser and Barkley. Essay—What Shadows We Are, What Shadows We Pursue.

Miss Katharine Poyntz. Vocal Solo—Summer—Chaminade.

Miss Minnie Roser. Essay—Timepieces.

Miss Lily Rae Pecor. Piano Solo—(a) Nocturne—Chopin.

(b) Spring Song—Mendelssohn. (c) Valse—Chopin.

(d) Butterfly—Grieg. Miss Florence Rogers.

Essay—You, I and Other People—Miss Lida Duke Woods.

Violin Solo—(a) Largo—Handel. (b) Intermezzo Sinfonico—Mascagni.

(c) Cavatina—Raff. (d) Habanera—Bizet.

Mr. U. G. Bailly—(Miss Moore, accompanist.) Essay—Nothing is Lost.

Miss Lucy Wardle Smith. Vocal Solo—Angel's Serenade—Braga.

Miss Etta Hooper. (Violin Obligate—Mr. U. G. Bailly.) Presentation of Diplomas and address by Rev. J. I. Blackburn.

Piano Quartette—Concert Galep—Misses Rains, Bendel, Lindsay and Hauke.

Quite a number from here attended the decoration at East Fork Monday. There were several addresses,—Will Halbert, County Attorney, Rev. T. P. Degman, of Springfield, and Prof. Reginald, of Helena, being among the speakers.

The Ladies Aid Society of the Presbyterian Church met last Thursday to clean and beautify the house. They were there all day scrubbing floor, washing windows, dusting carpets, etc. They made quite a change in the appearance of the place.

The man who stands idly by and sees the life fading out of his wife's face, sees her health going, sees her becoming old and faded and wrinkled when she should still be in the perfect enjoyment of vigorous, useful health, is either less than a man or else does not know of the one remedy which will bring her back to health and strength. Perhaps her husband cannot persuade her to go to her doctor, because she naturally dreads the inevitable "examination" and "local treatments." He can persuade her, if she needs persuasion, to take Dr. Pierce's Favorite Prescription. This truly wonderful medicine has cured hundreds of women after the best physicians have failed. It has been in constant use and tested every day for thirty years. It isn't an experiment, there are no chances about it. It is a certain cure for all derangements, weaknesses, irregularities and displacements of internal organs peculiar to women.

## ADVANCING THE TARIFF BILL.

Considerable Progress Made in the Senate on the Measure.

WASHINGTON, June 2.—The senate made good progress on the tariff bill yesterday, advancing to the important metal schedule. During the day the paragraphs covering marble and stone, china, glass, brick and tiles were completed with a few minor exceptions. Messrs. Vest and Jones of Arkansas, in behalf of the minority of the finance committee proposed numerous amendments which were defeated by majorities of 8 to 14. The votes were on party lines in the main, although Messrs. Rawlins and White, Democrats, voted with the Republicans to increase the rate on onyx and Mr. McNary, Democrat, voted with the Republicans against Mr. Jones' proposition for a reduction of the rates on china.

As a sequel to the recent sensational speech of Mr. Tillman, Mr. Smith of New Jersey rose to a question of personal privilege, while the tariff debate was proceeding, and made a brief but pointed denial of all speculation in sugar stock, either recently or at any time when sugar was the subject of legislation. Mr. Tillman was among those who heard the denial, but he made no comment on it.

Senator McLaurin of South Carolina was sworn in early in the day, raising the membership of the senate to 69.

At 5 o'clock the senate held an executive session and soon after adjourned.

### In the House.

WASHINGTON, June 2.—There was a lively session of the house yesterday, at which the policy of Speaker Reed and the Republican majority were again made the subject of attacks by members of the minority. Three special orders were successively adopted, by two of which the senate bills making a special appropriation for the government printing office and for granting the secretary of the navy authority to contract with any two vessels to carry contributed supplies to India were passed. The other provided for the consideration of the Frye bill to prevent collisions upon harbor, river and inland waters of the United States connected with the ocean.

### STRYCHNINE POISONING.

Livestock Killed and Three Little Children Alarmingly Prostrated.

ECKERTY, Ind., June 2.—Four head of cattle and one horse dead, and three children badly prostrated, and perhaps dying, is the result of some unknown scoundrel's efforts upon Michael Sprinkle's family and property, who lives near Branchville, Perry county, fifteen miles from here.

The details as brought by neighbors is meager. Dr. William Merrills pronounced the case one of strychnine poisoning. Mr. Sprinkle disavows having a known enemy, having never had a harsh word with a neighbor.

### Express Agent Robbed.

KENDALLVILLE, Ind., June 2.—While Express Agent Keller was placing the money in the company's safe in its office in this city at 10 o'clock last night a man entered and struck him over the head with a sandbag. He fell senseless to the floor, and when he came to he found the safe had been robbed of nearly \$500. The alarm was quickly given, but the robber has not yet been caught. The officers are searching the country, and all suspicious characters will be arrested.

### Kentucky Shooting Affray.

MIDDLEBORO, Ky., June 2.—Hon. John C. Colson, Republican nominee for county judge of Bell county, a brother of Congressman D. G. Colson, of the Eleventh Kentucky district, was shot and killed by John Dugan, a saloon-keeper, about 8 o'clock last night. Dugan fled, but was captured after a skirmish.

### WORK OF FIENDS.

Enemies of a Family Cause Five Children to Be Burned to Death.

CINCINNATI, June 2.—A special from Welsh, W. Va., says five children were burned to death in the residence of J. H. White, two miles from Keystone, last night. Enemies of the family are believed to have fired the house.

Both White and his wife were away on a visit and their five children were left alone in their farmhouse. The children had retired when the fire was started.

The children who met death were a boy of 12, one of 10, one of 6, one of 4, and a girl of 6. Bloodhounds will be used to take up the scent, if possible, from the ruins of the house.

## Tramp Dying of Hunger.

SOUTH BEND, Ind., June 2.—James J. Francis was found dying of hunger on the roadside near Notre Dame. His hunger had become so great that he had eaten wild parsnips, grass and weeds. Since the murder of a policeman here there is great prejudice against tramps.

## Poisoned By Wild Parsnips.

KOKOMO, Ind., June 1.—Charles Seward, a pioneer of Harrison township, died last night. He was 77 years old. The death was caused by blood poisoning, contracted while pulling wild parsnips in his garden three weeks ago.

## Dead Body Unidentified.

NOBLESVILLE, Ind., June 2.—The body of a man, as yet unidentified, was found in a creek southwest of this city Decoration Day. Some farmers were dragging the stream for fish and pulled the body to shore in their net.

## A Merchant Paralyzed.

SEYMOUR, Ind., June 2.—Frank M. Garriott, a prominent merchant of Scottsburg, was stricken with paralysis last evening. He was prominent in Masonic circles, and has been county treasurer two terms.

Gov. BRADLEY has appointed Adj. Gen. D. R. Collier and Col. E. H. Gaither a committee to inquire into charges made by members of the McCreary guards against Captain Noel Gains of Hunter bribery fame. The court-martial is not likely to be ordered.

CALL and let us show you a line of goods suitable for "gifts" for the graduates who have labored so long and hard to reach that stage of perfection. We are showing the handsomest line of diamond rings, pendants, pins, ear drops, watches with and without diamonds, chains and a most beautiful line of silver novelties.

## LOUISVILLE TOBACCO MARKET.

Burley Was Stronger Last Week—All Grades Have Advanced—The New Crop.

The following is furnished by Glover & Durrett, of the Louisville Tobacco Warehouse:

Sales on our market for the week just closed amount to 1,894 hhds. with receipts for the same period 1,515 hhds. Sales on our market since January 1st amount to 78,911 hhds. Sales of the crop of 1896 on our market to this date amount to 68,435 hhds.

We are glad to be able to report, all grades considered, that burley tobacco has been stronger than at any time this year. All grades have advanced but the greatest improvement has been in the red filly sorts selling above \$6.50 and for bright flyings and trashes in good condition. The quality of the offerings have been a little better and frequent sales have been made at from \$12 to \$14 with occasional hhds. selling still higher, one hhd. bringing \$20.50 per hundred. In the burley section as regards the planting of the new crop it can only be said that a little start has been made and that only a very small part of the intended crop has reached the hill. At this date last year about 85 per cent. of the crop had been planted under exceptionally good conditions and with an unusually fine stand. The late start that has been made in putting out the new crop and the general impression which prevails to the effect that the crop to be planted this year will be smaller than usual, regardless of weather conditions, have created somewhat of a speculative feeling which is manifesting itself on the market to some extent.

The following quotations fairly represent our market for burley tobacco (1896) crop:

## At Ruggles' Camp Ground,

SATURDAY, JULY 3, at 10:30 a. m., the following privileges will be let to the best bidder:

Hotel, Confectionery, Stable, Baggage room and Barber shop. The board reserves the right to reject any or all bids.

The meeting of these beautiful and much improved grounds will be held beginning July 22, and closing on August 1. Eminent divines will be present. Rev. M. Swadner, of Cincinnati, O., and the ministers of the Covington and Ashland districts are expected to be present. The singing will be in charge of Prof. J. G. Crabbe, of Ashland, assisted by a splendid choir, which is an assurance that it will be all that can be desired. A fourteen-room house has been built with porches all around, making accommodations for any and all comers. The Tabernacle has been enlarged and the hotel will be improved by the directors this year. And the best of all is we have excellent water—two large chambers and three wells. One of the wells is 150 feet deep, the water of which has been analyzed and contains the following medicinal qualities: Total solids, 3.2 to the liter; soluble salts 3.16 to the liter; consisting of chlorides and sulphates of magnesium, sodium and potassium; insoluble salts 0.4 to the liter, consisting of calcium carbonates with traces of iron.

The meetings will be in charge of Revs. G. R. Freng and J. G. Doyer, Presiding Elders of the Covington, Maysville and Ashland districts. If you desire tents write

I. M. LANE, Maysville, Ky.
